

## SourceLess Technology

A company with substance and a future:

- US fintech company with a valuation of over USD 2 billion
- IPO planned on the NASDAQ in 2025
- 6 international patents protect the technology
- Founder was involved in the development of Ethereum

## STR.Online Identity on the SourceLess Network

The STR. Domain is the key to all features in the SourceLess ecosystem. It exists as a wNFT (Web3 Non-Fungible Token), is completely decentralized and permanently owned by you – not a rental model like in Web2.

With your domain, you'll get:

- Unhackable digital identity, blockchain-verified
- Own webspace in Web3
- Email address & secure communication
- Lifetime ownership with no fees

## Stratus Web3 Browser

- Company valuation: USD 100 million
- Safe browsing without phishing, data theft or hacking
- Use of Web2 via encrypted Web3 protocol

## CCoin Finance

- IBAN bank account offshore (outside EU)

Exchange and send fiat & crypto in real-time, fee-free

- Built-in HEX – Hybrid Exchange for seamless onboarding
- Fiat values fully hedged
- Debit Cards – Crypto & Fiat
- Free physical & virtual cards
- Daily availability up to 25,000 USD
- Integration with Apple Pay & Google Pay

## Multichain Wallet

- Unhackable through military-grade encryption
- Automatically cold wallet after logging out

## STR. Talk Messenger & VideoCall

- Decentralized, unhackable, tap-proof
- Send BTC, ETH, EUR, etc. directly in the chat

- Voice translation in 90 languages in real time (2-way)
- Borderless communication & international business deals

## ARES AI – Your AI Assistant

- Answers questions by voice or text
- Creates images, programs, supports organization
- Is your Private Assistant
- No data storage at Souceless or other companies or servers!

## SLNN Satellite Network

- Blockchain-based, patent-protected, fiber-optic fast
- Worldwide Internet without roaming, monthly subscription
- Available everywhere: car, home, desert, cruise ship

## Sourceless access login options
